DVD and text resource

Developed by Hamish Chalmers
Produced by Mike Fowler

Twelve New Zealand short films and teaching resources

TWELVE is a DVD and full teacher's resource. The DVD features successful New Zealand short films. The resource is a photocopy master with permission to copy within the school.

TWELVE works well in both senior and junior programmes. Resources cover: making connections to many popular themes, point of view, reading between the lines, close reading, historical context, critical viewing, representation, structure, and other significant film study aspects.
